**D-Day 80**  
**5 - 6<sup>th</sup> June 2024**

D-Day was the successful allied invasion of the beaches of Normandy on 6 June 1944. Codenamed Operation Neptune, the Normandy landings made up the largest seaborne invasion in history and played a crucial role in liberating Western Europe from Nazi occupation. D-Day altered the course of history, signalling the beginning of the end for Nazi Germany. Allied forces shattered Hitler's Atlantic Wall, opening another major front, and affording them a crucial foothold in Western Europe. The Normandy Campaign featured intense and gruelling battles to liberate key cities like Caen. The establishment of a secure front in Normandy was crucial for allied forces to launch further offensives, leading to the liberation of Paris, the push towards Germany, and, ultimately, to victory. On 5 and 6 June 2024, the UK will commemorate the 80th anniversary of D-Day with a series of major commemorations and events across the UK and in France to honour the brave soldiers who risked their lives for freedom and peace. Details of events can be found here: [www.dday80.campaign.gov.uk](http://www.dday80.campaign.gov.uk) In commemorating the 80th anniversary of D-Day, we pay homage to the resilience and fortitude of the British veterans who played a crucial role in this pivotal moment of the Second World War. The invasion claimed the lives of thousands of allied soldiers. These brave men—many just teenagers—left their families and their futures behind to liberate Western Europe from the grip of the Nazis.

We must remember the sacrifices they made.

## Trinity Talk Monday 17<sup>th</sup> June

The next Trinity Talk takes place on Monday 17 June when Adam Baxter gives a talk on Great Marlow, 1831-1891, the River and the Railways. On 1st June, 1838 the Great Western Railway reached Maidenhead, permanently changing the role of the river and quickly transforming the town of Marlow for ever. Through his research of archive and census information, newspapers of the time and Parliamentary enquiries he discovered how both Marlow and the River Thames responded through to 1891.

Adam Baxter studied for a Master's degree in history and for his dissertation examined the effect of the arrival of the Great Western Railway to Maidenhead on Marlow and the river.

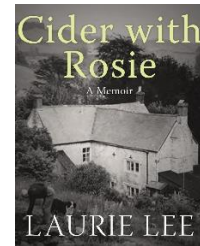

The Talks are held at Bel and The Dragon in Cookham High Street on the third Monday of the month and celebrate the talents of people living in Cookham and its environs. These are fund-raising events for Holy Trinity Church. Talks will resume in September after a summer break.

Everyone is welcome, but capacity is limited, so it is advisable to check in advance.
